NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2012
(Unaudited)

1 BASIS OF PRESENTATION

The attached consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. As a result, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The Company believes that the disclosures made are adequate to make the information presented not misleading. The consolidated financial statements reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in the Company's Form 10-K as filed with the Securities and Exchange Commission on or about January 7, 2013.

2 DEFERRED COMPENSATION

Deferred compensation of \$78,568 represents compensation due to an officer of the Company upon termination, retirement or death. This amount has not changed since 1992 and was accrued during the years 1984 through 1992.

3 LONG-TERM DEBT

Long-term debt consists of the following:

December 31, 2012 September 30, 2012

Term loan payable to CNB in monthly installments of \$7,735 including interest at 6% per annum due 2016. The loan is collateralized by substantially all assets of the Company and is guaranteed by James N. Jannello.	\$ 287,069	\$ 305,900

5 SALE OF COMMON STOCK

On October 14, 2011, the Company sold 750,000 shares of the Company's Common Stock, par value \$0.001 per share, at a purchase price of \$0.20 per share, or an aggregate of \$150,000, to an accredited investor in a private placement in reliance upon the exemption from registration provided by Section 4(2) of the Securities Act of 1933 and Regulation D promulgated there under. The Company used the proceeds from the sale for general corporate purposes.

6 LEGAL PROCEEDINGS

(1) Janel is occasionally subject to claims and lawsuits which typically arise in the normal course of business. While the outcome of these claims cannot be predicated with certainty, management does not believe that the outcome of any of these legal matters will have a material adverse effect on the Company's financial position or results of operations.

(2) On June 22, 2012 (amended September 5, 2012), Fratelli Masturzo S.R.L., Clematis, S.R.L., Fratelli Longobardi S.R.L. and Pancrazio S.P.A. filed a law suit in the Supreme Court of the State of New York County of Queens against The Janel Group of New York, Inc., Ferrara International Logistics, Inc., Tutto Italia USA, LLC and Paul Sorvino Foods, Inc. The complaint alleges the non-payment of food product purchases totaling \$186,728. The Company intends to vigorously defend this claim.

(3) On June 27, 2012, Allegiance Retail Services, LLC and Foodtown, Inc. filed a law suit in the Supreme Court of New Jersey against Janel Ferrara Logistics, LLC d/b/a Paul Sorvino Foods. The complaint alleges the non-payment of invoices for the placing, merchandising, marketing and promoting of food products totaling \$103,856. The Company intends to vigorously defend this claim.

7 **SUBSEQUENT EVENTS**

Management has evaluated events occurring after the date of these financial statements through the date that these financial statements were issued. Other than the below paragraph, there have been no other events that would require adjustment to or disclosure in the financial statements.

On January 15, 2013, the Company borrowed an additional \$300,000 from its revolving line of credit with Community National Bank. Refer to page 12 "Community National Bank Borrowing Facility" for a description of the borrowing facility.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

As used throughout this Report, "we," "our," "Janel", "the Company" and similar words refers to Janel World Trade, Ltd.

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains certain forward-looking statements reflecting our current expectations with respect to our operations, performance, financial condition, and other developments. These forward-looking statements may generally be identified by the use of the words "may", "will", "believes", "should", "expects", "anticipates", "estimates", and similar expressions. These statements are necessarily estimates reflecting management's best judgment based upon current information and involve a number of risks and uncertainties. We caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made, and readers are advised that various factors could affect our financial performance and could cause our actual results for future periods to differ materially from those anticipated or projected. While it is impossible to identify all such factors, such factors include, but are not limited to, those risks identified in our periodic reports filed with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K.

OVERVIEW

Janel is a non-asset based third party logistics services company, engaged in full-service cargo transportation logistics management, including freight forwarding – via air, ocean and land-based carriers, customs brokerage services, and warehousing and distribution services. From April 2011 until June 2012, we operated a vertical sales and supply chain food industry business segment including supplier selection, manufacturing, transportation, import, distribution, marketing and sales within the food industry. During the June 2012 quarter the Company divested itself of and discontinued the food industry segment and now operates as one reportable business segment. During our 2011 fiscal year we discontinued our computer software sales, support and maintenance business segment.

Our headquarters are in Jamaica, New York and we operate through a network which includes five company-owned offices in the United States and independent international agents in approximately 52 countries around the world.

As a non-asset based third party logistics provider, we do not own any transportation assets and fulfill our transportation needs by purchasing transportation services from direct (asset-based) carriers and from other transportation providers who generally provide us with favorable rates with priority handling of our shipments. By consolidating multiple shipments from our customers we are able to negotiate favorable pricing from these transportation providers and can offer lower rates to our customers than they could obtain on their own. This non-asset based approach provides us with a variable cost structure and allows for a high level of operating flexibility. Our investment in assets is limited to the purchase of office, warehouse and computer equipment and the leasing of office and warehouse space for our company owned offices.

Historically, Janel's quarterly operating results have been subject to seasonal trends. The fiscal first quarter has traditionally been the weakest and the fiscal third and fourth quarters have traditionally been the strongest. This pattern has been the result of, or influenced by, numerous factors including climate, national holidays, consumer demand, economic conditions and other similar and subtle forces. This historical seasonality has also been influenced by the growth and diversification of Janel's international network and service offerings.

A significant portion of Janel's revenues are derived from customers in industries with shipping patterns closely tied to consumer demand and from customers with shipping patterns dependent upon just-in-time production schedules. Many of Janel's customers may ship a significant portion of their goods at or near the end of a quarter. Therefore, the timing of Janel's revenues are, to a large degree, affected by factors beyond the Company's control, such as shifting consumer demand for retail goods and manufacturing production delays. The Company cannot accurately forecast many of these factors, nor can it estimate the relative impact of any particular factor and, as a result, there is no assurance that historical patterns will continue in the future.

RESULTS OF OPERATIONS

The following discussion and analysis addresses the results of operations for the three months ended December 31, 2012, as compared to the results of operations for the three months ended December 31, 2011. The discussion and analysis then addresses the liquidity and financial condition of the Company, and other matters. As noted above, during the June 2012 quarter, the Company divested itself of the food segment and therefore only has one reportable business segment.

Three months ended December 31, 2012 and 2011

Revenue. Total revenue from continuing operations for the three months ended December 31, 2012 was \$21,865,771, as compared to \$23,349,135 for the three months ended December 31, 2011, a decrease of \$1,483,364 or 6.4%. This decrease is mainly the result of lower ocean and air shipping activity when compared to the prior year. Net revenue (revenue minus forwarding expense) for the three months ended December 31, 2012 was \$2,416,664, an increase of \$5,885 or 0.2% as compared to net revenue of \$2,410,779 for the three months ended December 31, 2011.

Forwarding Expense. Forwarding expense from continuing operations is primarily comprised of the fees paid by Janel directly to cargo carriers to handle and transport its actual freight shipments on behalf of its customers between initial and final terminal points, and includes any duties, trucking and warehousing charges related to the shipments.

For the three months ended December 31, 2012, forwarding expense decreased by \$1,489,249, or 7.1%, to \$19,449,107 as compared to \$20,938,356 for the three months ended December 31, 2011 and as a percentage of revenue decreased to 88.9% for the three months ended December 31, 2012, from 89.7% for the three months ended December 31, 2011, a 0.8 percentage point decrease. This percentage decrease is principally the result of a greater amount of warehouse revenue generated at our New Jersey warehouse when compared to the prior year. Typically forwarding expenses associated with warehouse revenue as a percentage of revenue are lower than forwarding expenses as a percentage of revenue associated with freight movements.

Selling, General and Administrative Expense. For the three months ended December 31, 2012 and 2011, selling, general and administrative expenses were \$2,476,903 and \$2,482,538, respectively. This represents a decrease of \$5,635, or 0.2% when compared to the prior year. As a percentage of revenue, selling, general and administrative expenses were 11.3% and 10.6% of revenue for the three months ended December 31, 2012 and 2011, respectively, an 0.7 percentage point increase which is mainly the result of the decrease in revenue for the three months ended December 31, 2012 when compared to the prior year and expenses which do not decrease in proportion to lower revenue.

Depreciation and Amortization. For the three months ended December 31, 2012 and 2011, depreciation and amortization expenses were \$103,680 and \$78,498, respectively. This represents a year over year increase of \$25,182, or 32.1%, and is mainly the result of the depreciation expenses associated with the 15,000 square foot walk/drive-in freezer installed in our New Jersey warehouse.

Interest Expense. For the three months ended December 31, 2012 and 2011, interest expense was \$34,367 and \$39,633, respectively, a decrease of \$5,266. This decrease is primarily the result of incurring \$13,333 of imputed interest amortization during the three months ended December 31, 2011 versus having no imputed interest amortization during the three months ended December 31, 2011. Offsetting this \$13,333 decrease are higher interest costs due to increased borrowings under our revolving line of credit with Community National Bank during the three months ended December 31, 2012 versus the three months ended December 31, 2011.

Loss From Continuing Operations. For the reasons stated above, the Company incurred a loss before taxes from continuing operations of (\$198,286) and (\$188,690) for the three months ended December 31, 2012 and 2011, respectively.

Income Taxes. The company recorded a net income tax provision of \$3,000 for the three months ended December 31, 2012 and a net income tax benefit of (\$168,000) for the three months ended December 31, 2011. The three months ended December 31, 2012 reflects applicable state income taxes, only, and does not reflect a deferred tax benefit at the U.S. federal statutory rate as the company provides for a valuation allowance against any deferred tax asset. The three months ended December 31, 2011 reflects a deferred tax benefit at the U.S. federal statutory rate and applicable state income taxes.

Loss From Discontinued Operations. The three months ended December 31, 2011 reflects a loss from discontinued operations of (\$226,222).

Net Loss. For the three months ended December 31, 2012 and 2011, there was a net loss of (\$201,286) and (\$246,912), respectively. Net loss available to common shareholders for the three months ended December 31, 2012 and 2011 was (\$205,036) or (\$0.01) per diluted share and (\$250,662) or (\$0.01) per diluted share, respectively.

LIQUIDITY AND CAPITAL RESOURCES

General. Our ability to satisfy our liquidity requirements, which include satisfying our debt obligations and funding working capital, day-to-day operating expenses and capital expenditures depends upon our future performance, which is subject to general economic conditions, competition and other factors, some of which are beyond our control. If we achieve significant near-term revenue growth, we may experience a need for increased working capital financing as a result of the difference between our collection cycles and the timing of our payments to vendors. Generally we do not have a need for significant capital expenditure as we are a non-asset based freight forwarder.

Janel's cash flow performance for the three months ended December 31, 2012 is not necessarily indicative of future cash flow performance.

As of December 31, 2012, and compared with the prior fiscal year ended September 30, 2012, the Company's cash and cash equivalents decreased by (\$482,398), or (62.3%), to \$291,470 from \$773,868, respectively. During the three months ended December 31, 2012, Janel's net working capital (current assets minus current liabilities) decreased by (\$138,167), or (66.8%), from a negative (\$206,879) at September 30, 2012, to a negative (\$345,046) at December 31, 2012. This decrease in net working capital is primarily due to the net loss of (\$201,286) for the three months ended December 31, 2012.

Cash flows from continuing operating activities. Net cash used in continuing operating activities were (\$524,562) and (\$91,536) for the three months ended December 31, 2012 and 2011, respectively. The change was principally driven by an increase in payments of outstanding accounts payable and the net loss for the three months ended December 31, 2012; which were partially offset by an increase in payments of outstanding accounts receivable.

Cash flows from discontinued operating activities. For the three months ended December 31, 2012, there was no cash used for discontinued operating activities. For the three months ended December 31, 2011, net cash used in discontinued operating activities was (\$355,428).

Cash flows from investing activities. Net cash provided by investing activities, primarily the sale of marketable securities, was \$64,476 for the three months ended December 31, 2012. Net cash used for investing activities, primarily capital expenditures for property and equipment, was \$31,516 for the three months ended December 31, 2011.

Cash flows from financing activities. Net cash used in financing activities was (\$22,582) for the three months ended December 31, 2012 compared to net cash provided by financing activities of \$464,673 for the three months ended December 31, 2011. Net cash used in financing activities for the three months ended December 31, 2012 primarily consisted of the repayment of long-term debt in the amount of \$18,832. The cash provided by financing activities for the three months ended December 31, 2011 consisted primarily of an increase of \$350,000 in borrowings under our bank line of credit and the sale on October 14, 2011 of 750,000 shares of the Company's common stock for \$150,000; which were partially offset by the repayment of long term debt in the amount of \$31,577.

Community National Bank Borrowing Facility. On August 3, 2010, the Company's Janel Group of New York, Inc. ("Janel New York") subsidiary entered into a one year \$3.5 million revolving line of credit agreement with Community National Bank ("CNB"). Currently, the interest rate of the CNB Facility is the prime rate plus 1%, with a minimum rate of 7%. Under the CNB Facility as currently amended, Janel New York may borrow up to \$2.5 million limited to 80% of the Company's aggregate outstanding eligible accounts receivable. The CNB Facility has been periodically renewed and will currently expire on September 30, 2013. Obligations under the CNB Facility are secured by all of the assets of the Company, are guaranteed by the Company, and are guaranteed by James N. Jannello, the Company's Chief Executive Officer. As of December 31, 2012, there were outstanding borrowings of \$1,601,336 under the CNB Facility (which represented 74.5% of the amount available thereunder) out of a total amount available for borrowing under the CNB Facility of approximately \$2,148,857. On January 15, 2013, subsequent to the period covered by this report, the Company borrowed an additional \$300,000 from the CNB Facility.

Community National Bank Term Loan. On April 5, 2011 Janel New York entered into a term loan in the amount of \$400,000 with CNB ("CNB Term Loan"). The interest rate of the CNB Term Loan is 6%. The CNB Term Loan is for a five year term, expiring April 5, 2016, with monthly installment payments of principal and interest totaling \$7,735. Obligations under the CNB Term Loan are secured by all of the assets of the Company, and are guaranteed by the Company and until November 2, 2011 (see above) by James N. Jannello, the Company's Chief Executive Officer. The borrowings under the CNB Term Loan were used to construct a 15,000 square foot walk/drive-in freezer in our New Jersey warehouse for our traditional freight forwarding and logistics business segment.

Working Capital Requirements. The Company's cash needs are currently met by the CNB Facility and cash on hand. As of December 31, 2012, the Company had \$547,521 available under its \$2.5 million CNB Facility and \$291,470 in cash on hand. On January 15, 2013, subsequent to the period covered by this report, we borrowed an additional \$300,000 from our CNB Facility. Our actual working capital needs for the short and long terms will depend upon numerous factors, including our operating results, the availability of a revolving line of credit, competition, and the cost associated with growing the Company either internally or through acquisition, none of which can be predicted with certainty. If our results of operations and our availability under our bank line of credit are insufficient to meet our cash needs, we will be required to obtain additional investment capital or debt funding to continue operations. We are actively pursuing additional investment capital for the very short and long terms; however there is no assurance that our efforts will be successful. If we are not successful in funding our working capital requirements, the Company's operations will be materially negatively impacted.

CURRENT OUTLOOK

Our results of operations are affected by the general economic cycle, particularly as it influences global trade levels and specifically the import and export activities of Janel's various current and prospective customers. Historically, the Company's quarterly results of operations have been subject to seasonal trends which have been the result of, or influenced by, numerous factors including climate, national holidays, consumer demand, economic conditions, the growth and diversification of its international network and service offerings, and other similar and subtle forces. We cannot accurately forecast many of these factors nor can we estimate accurately the relative influence of any particular factor and, as a result, there can be no assurance that historical patterns, if any, will continue in future periods.

Our food segment incurred losses and the Company's Board of Directors determined that it was in the Company's best interests to divest the food segment and refocus our growth strategy on our transportation logistics business. During June 2012, the company divested itself of the food segment and as a result, the losses from the food segment have been eliminated.

Janel is progressing with the implementation of its business plan and strategy to grow its revenue and profitability for fiscal 2012 and beyond through several avenues. During March of the 2012 fiscal year we placed in service a new 15,000 square foot walk/drive-in freezer in our New Jersey warehouse to compliment our traditional freight forwarding and logistics business, and we have realized expanded warehouse revenue with higher gross profit margins from this new service. The Company's strategy for further growth includes plans to: open, as warranted, additional branch offices domestically and/or outside the continental United States; introduce additional revenue streams for its existing headquarters and branch locations; expand its existing sales force by hiring additional commission-only sales representatives with established customer bases; increase its focus on growing revenue related to export activities; evaluate direct entry into the trucking and warehouse distribution business as a complement to the services already provided to existing customers; seek out and pursue privately held transportation-related firms which may ultimately lead to their acquisition by the Company; and continue its focus on containing current and prospective overhead and operating expenses, particularly with regard to the efficient integration of any additional offices or acquisitions.

Certain elements of our profitability and growth strategy are contingent upon the availability of adequate financing on terms acceptable to the Company. We are currently focused on securing additional investment capital, but to date we have been unable to secure additional investment capital on terms we deem acceptable. There can be no assurance that we will be successful in raising additional capital on terms acceptable to us. Therefore, the implementation of significant aspects of our strategic growth plan may be delayed.

Accordingly, our key milestone in the very short term is the successful raise of additional investment capital in order to grow our traditional freight forwarding and logistics business. If this milestone is not reached in a timely manner, the Company's continued operations and growth plans will be materially negatively impacted.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions about future events that affect the amounts reported in the financial statements and accompanying notes. Since future events and their effects cannot be determined with absolute certainty, the determination of estimates requires the exercise of judgment. Actual results could differ from those estimates, and such difference may be material to the financial statements. The most significant accounting estimates inherent in the preparation of our financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources, primarily allowance for doubtful accounts, accruals for transportation and other direct costs, accruals for cargo insurance, and deferred income taxes. Management bases its estimates on historical experience and on various assumptions which are believed to be reasonable under the circumstances. We reevaluate these significant factors as facts and circumstances change. Historically, actual results have not differed significantly from our estimates. These accounting policies are more fully described in Note 1 of the Notes to the Consolidated Financial Statements.

Management believes that the nature of the Company's business is such that there are few, if any, complex challenges in accounting for operations. Revenue recognition is considered the critical accounting policy due to the complexity of arranging and managing global logistics and supply-chain management transactions.

Revenue Recognition

Full-Service Cargo Transportation Logistics Management

Revenues are derived from airfreight, ocean freight and custom brokerage services. The Company is a non-asset-based carrier and accordingly does not own transportation assets. The Company generates the major portion of its air and ocean freight revenues by purchasing transportation services from direct carriers (airlines, steam ship lines, etc.) and reselling those services to its customers. By consolidating shipments from multiple customers and availing itself of its buying power, the Company is able to negotiate favorable rates from the direct carriers, while offering to its customers lower rates than the customers could obtain themselves.

Airfreight revenues include the charges for carrying the shipments when the Company acts as a freight consolidator. Ocean freight revenues include the charges for carrying the shipments when the Company acts as a Non-Vessel Operating Common Carrier (NVOCC). In each case, the Company is acting as an indirect carrier. When acting as an indirect carrier, the Company will issue a House Airway Bill (HAWB) or a House Ocean Bill of Lading (HOBL) to customers as the contract of carriage. In turn, when the freight is physically tendered to a direct carrier, the Company receives a contract of carriage known as a Master Airway Bill for airfreight shipments and a Master Ocean Bill of Lading for ocean shipments. At this point the risk of loss passes to the carrier, however, in order to claim for any such loss, the customer is first obligated to pay the freight charges.

Based upon the terms in the contract of carriage, revenues related to shipments where the Company issues a HAWB or a HOBL are recognized at the time the freight is tendered to the direct carrier. Costs related to the shipments are recognized at the same time.

Revenues realized when the Company acts as an agent for the shipper and does not issue a HAWB or a HOBL include only the commission and fees earned for the services performed. These revenues are recognized upon completion of the services.

Customs brokerage and other services involves provide multiple services at destination including clearing shipments through customs by preparing required documentation, calculating and providing for payment of duties and other charges on behalf of the customers, arranging for any required inspections, and arranging for final delivery. These revenues are recognized upon completion of the services.

The movement of freight may require multiple services. In most instances the Company may perform multiple services including destination break bulk and value added services such as local transportation, distribution services and logistics management. Each of these services has separate fee that is recognized as revenue upon completion of the service.

Customers will frequently request an all-inclusive rate for a set of services that is known in the industry as "door-to-door services." In these cases, the customer is billed a single rate for all services from pickup at origin to delivery. The allocation of revenue and expense among the components of services when provided under an all inclusive rate are done in an objective manner on a fair value basis in accordance with Emerging Issues Task Force (EITF) 00-21, "Revenue Arrangements with Multiple Deliverables."

Estimates

While judgments and estimates are a necessary component of any system of accounting, the Company's use of estimates is limited primarily to the following areas that in the aggregate are not a major component of the Company's consolidated statements of income:

- a. accounts receivable valuation;
- b. the useful lives of long-term assets;
- c. the accrual of costs related to ancillary services the Company provides; and
- d. accrual of tax expense on an interim basis.

In addition to the above, the following areas are significant components of the Company's consolidated statements of income:

- a. deferred tax valuation allowance; and
- b. the fair value of the earn-out liability associated with the Ferrara International Logistics acquisition of October 4, 2010.

Management believes that the methods utilized in all of these areas are non-aggressive in approach and consistent in application. Management believes that there are limited, if any, alternative accounting principles or methods which could be applied to the Company's transactions. While the use of estimates means that actual future results may be different from those contemplated by the estimates, the Company believes that alternative principles and methods used for making such estimates would not produce materially different results than those reported.

ITEM 4. CONTROLS AND PROCEDURES

We maintain a system of disclosure controls and procedures that is designed to provide reasonable assurance that information, which is required to be disclosed by us in the reports that we file or submit under the Securities and Exchange Act of 1934, as amended ("Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission, and is accumulated and communicated to management in a timely manner. Our Chief Executive Officer, Chief Operating Officer and Chief Financial Officer have evaluated this system of disclosure controls and procedures as of the end of the period covered by this quarterly report, and have concluded that the system is effective. There have been no changes in our internal control over financial reporting during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**AMENDED AND RESTATED
ARTICLES OF INCORPORATION OF
JANEL WORLD TRADE, LTD.**

The Corporation was incorporated under the name "Wine Systems Design, Inc." by the filing of its original Articles of Incorporation with the Secretary of State of Nevada on August 31, 2000. The Articles of Incorporation were amended by the filing of a Certificate of Amendment of Articles of Incorporation with the Secretary of State of Nevada on July 3, 2002, which changed the name of the Corporation to "Janel World Trade, Ltd.," and set the total number of authorized shares of \$.001 par value Common Stock at Two Hundred Twenty Five Million (225,000,000) shares.

This Amended and Restated Certificate of Incorporation has been duly adopted in accordance with the provisions of Sections 78.385 and 78.390 of the Nevada Revised Statutes. Holders of approximately 71% of the outstanding capital stock of the Corporation entitled to vote with respect to approval and adoption of an amended and restated certificate of incorporation have duly approved and adopted the Amended and Restated Certificate of Incorporation of the Corporation, as set forth herein.

ARTICLE 1: NAME. The name of the Corporation is:

JANEL WORLD TRADE, LTD.

ARTICLE 2: ADDRESS. The address of the resident agent of this Corporation in this State is do United Corporate Services, Inc., 202 South Minnesota Street, in the City of Carson City, County of Carson City, State of Nevada 89703 and the name of the resident agent at said address is United Corporate Services, Inc. This Corporation may maintain an office, or offices, in such other place or places within or without the State of Nevada as may be from time to time designated by the Board of Directors, or by the Bylaws of the Corporation

ARTICLE 3: PURPOSE. The purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under the corporation laws of the State of Nevada.

ARTICLE 4: CAPITAL STOCK. The Corporation shall be authorized to issue the following shares:

Class	Number of Shares	Par Value
COMMON	225,000,000	\$.001
PREFERRED	5,000,000	\$.001

The designations and the powers, preferences and rights, and the qualifications or restrictions thereof are as follows:

The Preferred shares shall be issued from time to time in one or more series, with such distinctive serial designations as shall be stated and expressed in the resolution or resolutions providing for the issuance of such shares as adopted by the Board of Directors; the Board of Directors is expressly authorized to fix the number of shares of each series, the annual rate or rates of dividends for the particular series, the dividend payment dates for the particular series and the date from which dividends on all shares of such series issued prior to the record date for the first dividend payment date shall be cumulative, the redemption price or prices for the particular series, the voting powers for the particular series, the rights, if any, of holders of the shares of the particular series to convert the same into shares of any other series or class or other securities of the Corporation, with any provisions for the subsequent adjustment of such conversion rights, the rights, if any, of the particular series to participate in distributions or payments upon liquidation, dissolution or winding up of the Corporation, and to classify or reclassify any unissued preferred shares by fixing or altering from time to time any of the foregoing rights, privileges and qualifications.

All the Preferred shares of any one series shall be identical with each other in all respects, except that shares of any one series issued at different times may differ as to the dates from which dividends thereon shall be cumulative; and all preferred shares shall be of equal rank, regardless of series, and shall be identical in all respects except as to the particulars fixed by the Board as hereinabove provided or as fixed herein.

By resolution of the Board of Directors of Janel World Trade, Ltd. pursuant to a provision in the Articles of Incorporation, the issue of a series of Preferred Shares of this Corporation designated as "Series A Convertible Preferred Stock" is limited to an issuance of not more than One Million (1,000,000) shares.

The capital stock, after the amount of the subscription price, or par value, has been paid in, shall not be subject to assessment to pay the debts of the Corporation.

ARTICLE 5: BOARD OF DIRECTORS. The governing board of this Corporation is the Board of Directors, and the number of directors may from time to time be increased or decreased in such manner as shall be provided by the bylaws of this Corporation, providing that the number of directors shall nor be reduced to less than three (3).

ARTICLE 6: DIRECTOR AND OFFICER LIABILITY. The personal liability of the directors of the Corporation to the Corporation or to its shareholders is hereby eliminated to the fullest extent permitted by Section 78.037 of the NRS. A director and officer of the Corporation shall not be personally liable to the Corporation or its stockholders for damages for breach of fiduciary duty as a director or officer, except for liability (i) for acts or omissions that involve intentional misconduct, fraud or a knowing violation of law, or (ii) for authorizing any distribution in violation of Section 78.300 of the NRS. If the NRS is amended after approval by the stockholders of this Article to authorize corporate action further eliminating the personal liability of directors or officers, then the liability of a director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the NRS, as so amended. Any repeal or modification of the foregoing paragraph by the stockholders of the Corporation shall not adversely affect any right or protection of a director or officer of the Corporation existing at the time of such repeal or modification. No amendment to the NRS that further limits the acts, omissions or transactions for which elimination or limitation of liability is permitted shall affect the liability of a director or officer for any act, omission or transaction which occurs prior to the effective date of such amendment.

ARTICLE 7: INDEMNIFICATION. The Corporation shall, to the fullest extent permitted by Section 78.751 of the NRS, as the same may be amended, supplemented or replaced from time to time, indemnify any and all persons whom it shall have power to indemnify under said section from and against any and all of the expenses, liabilities or other matters referred to in or covered by said section, and the indemnification provided for herein shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any Bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person. Pursuant to said Section 78.751 of the NRS, the expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by the Corporation as they are incurred and in advance of the final disposition of the action, suit or proceeding, upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined by a court of competent jurisdiction that he is not entitled to be indemnified by the Corporation.

ARTICLE 8: DURATION. The period of duration of the Corporation shall be perpetual.

ARTICLE 9: BYLAWS. In furtherance and not in limitation of the powers conferred by law, the Board of Directors is expressly authorized and empowered to adopt, amend and repeal the Bylaws of the Corporation at any regular or special meeting of the Board or Directors or by written consent, subject to the power of the stockholders of the Corporation to adopt, amend or repeal any Bylaws.

ARTICLE 10: STOCKHOLDER MEETINGS. Meetings of stockholders may be held within or without the State of Nevada, as the Bylaws may provide. The books of the Corporation may be kept (subject to any provision contained in the NRS) outside the State of Nevada at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

ARTICLE 11: AMENDMENTS: The Corporation reserves the right to amend, alter, change or repeal any provision contained in these Articles of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation.

IN WITNESS WHEREOF, the undersigned Chief Executive Officer has executed these Amended and Restated Articles as of October 16, 2007.

JANEL WORLD TRADE LTD. REPORTS FISCAL FIRST QUARTER 2013 RESULTS

COMPANY FOCUSED ON CORE TRANSPORTATION LOGISTICS AND RETURNING TO PROFITABILITY

JAMAICA, NY – February 12, 2013 -- Janel World Trade, Ltd. (OTC QB: JLWT), a full-service global provider of integrated transportation logistics, announced today the financial results for its first quarter ended December 31, 2012.

First Quarter 2013 Results

For the three months ended December 31, 2012, Janel reported revenue of \$21,865,771 a decrease of \$1,483,364 or 6.4% compared to the three months ended December 31, 2011.

For the three months ended December 31, 2012 the Company reported a net loss of \$(201,286) or \$(0.01) per fully diluted share, compared to the prior year reported net loss of \$(246,912), or \$(0.01) per fully diluted share.

Review and Outlook

“We are disappointed with our results for the quarter ended December 31, 2012” said James N. Jannello, Executive Vice President and Chief Executive Officer. “For the three months, we had an operating loss from continuing operations of \$(163,919) compared to an operating loss from continuing operations of \$(150,257) in the prior year. Revenue for the quarter was down when compared to last year mainly due to lower ocean and air shipping activity. Although we cannot quantify the effects, we believe that ocean shipping activity in the quarter was negatively impacted by Hurricane Sandy and the threatened port strikes by the International Longshoremen’s Association on the entire East and Gulf Coast. We are focused on returning our continuing core operations to profitability.

Jannello concluded, “With the recent investments in our freezer and cold storage capabilities, we are seeing an expansion in our New Jersey warehouse business with our current customers as well as attracting new customers. Looking ahead, and in the very short term, we are working to raise additional capital in order to grow the transportation logistics segment to profitability.”

Forward-Looking Statements

This press release includes statements that may constitute "forward-looking" statements, usually containing the words "believe," "estimate," "project," "intend," "expect" or similar expressions. These statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, the Company's dependence upon conditions in the air, ocean and land-based freight forwarding industry, the size and resources of many competitors, the need for the Company to effectively integrate acquired businesses and to successfully deliver its primary services, and other risks detailed in the Company's periodic report filings with the Securities and Exchange Commission, including its most recent Form 8-K, Form 10-Q and Form 10-K filings. By making these forward-looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this release.
